Item Number: 0620052

# DS 70

## WACKER's diesel vibratory rammer is built for extreme compaction jobs

>> Wacker Neuson's diesel rammer offers maximum production, performance and durability while providing you the convenience of standardizing your diesel fleet. A well-balanced, lightweight machine for easy handling and operation. The DS 70 is ideally suited for the most demanding compaction of cohesive, mixed and granular soils in confined areas. <<

## Additional Advantages

- A durable Yanmar diesel engine provides exceptional performance, fuel economy and long life.
- The large capacity, corrosion proof fuel tank with self-cleaning, in-tank filter offers long life and minimum maintenance.
- A unique three-stage air filtration system provides a virtually dust-free engine for longer life and improved durability. A filter minder tells the operator when the air filter needs to be changed.
- Single lever controls engine starting, speed and stopping for operator convenience.
- Exclusive noise reducing cover lowers the amount of engine and shoe noise transmitted to the operator.
- The guide handle offers a highly engineered, built-in shockmount system to reduce HAV (hand-arm vibration) and improve operator comfort.
